Call for Applications

Asia-Pacific Regional Learning Event on Primary Prevention of Gender-based Violence.

Practitioner’s Clinic: Improving our Prevention Interventions

Deadline for applications: 08 June 2012
Date: 5 – 6 July 2012
Where: Bangkok, Thailand

Partners for Prevention (P4P) is accepting applications from practitioners in the Asia-Pacific region to participate in a regional learning and knowledge-sharing event focused on enhancing gender-based violence primary prevention interventions. This event will provide opportunities to network and share experiences from initiatives focused on the primary prevention of gender-based violence from the Asia and Pacific region.

This two-day meeting will be held 5 – 6 July 2012 in Bangkok, Thailand. The meeting is for project managers of existing interventions that have a substantial GBV prevention focus. The clinic will involve one-on-one sessions with prevention experts and small group discussions to highlight what is working well and challenges faced by specific prevention projects. The one-on-one sessions will help enhance the projects on an individual basis.

The resource people for these learning events include: Rachel Jewkes, the Medical Research Council of South Africa; Claudia Garcia-Moreno, World Health Organisation; and James Lang, Khamsavath Chanthavysouk & Emma Fulu, Partners for Prevention.

Target group
This clinic is targeted at 10-15 project managers from Asia and the Pacific who are currently designing or implementing an intervention with a substantial primary prevention focus.

Objectives
The objectives of this clinic are to:

- Form a small learning group of prevention practitioners
- Support participants to improve their prevention interventions as needed
- Provide an opportunity for practitioners to share experience and lessons learned
Identify prevention interventions that could benefit from ongoing technical support for evaluation

**Selection Criteria**
Clinic participants will be selected based on the following criteria:

- Currently designing or implementing a primary prevention intervention. **A project document or concept note MUST be submitted with applications for the clinic.**
- In a managerial/decision-making role with the project intervention
- Strong English competency

**Language**
The working language will be English

**Venue**
To be decided

**Cost**
There are no registration fees. **PARTICIPANTS are requested to cover all costs for their participation (round trip transportation, visa fee if any, airport transfers, per diem and any other expenses).** Lunches and training materials will be provided. However, Partners for Prevention provides some funding to a limited number of selected applicants to cover their participation.

**Application Process**
Participants will be selected based on the above selection criteria. The electronic application form can be found at [https://www.surveymonkey.com/s/workshop-application](https://www.surveymonkey.com/s/workshop-application). **A project document or concept note MUST be submitted with applications.** Successful applicants will be contacted by Partners for Prevention by 14 June 2012.
